HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Sagittarius

PROFESSIONAL - LIFE-PATH: Influence & understanding
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

PERSONAL - LIFE-PATH: Influence & understanding
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

Ascendant Sextile Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The spiritual path
You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated

towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path

It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Trine Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Jupiter In Gemini Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Positive thoughts - positive outcomes

You were born in a year in which there was renewal and

expansion in the world of education, travel and communication. As such you can be an agent for these changes - and this will manifest in your nature as an insatiable desire to acquire knowledge and create contact with people. Interest in languages, schooling and all forms of mental activities can be a major part of your professional life. There may be talent for writing or working in the media, and you have the ability to maintain your perspective when working with a mass of information. By harnessing the power of your thoughts, you can shape your future the way you want it. Defining how you want it may be more difficult, and this requires mental discipline and planning which is something you have to consciously train, as it may not come naturally.

PERSONAL - WISDOM: Collective ideas

Because you have a wide spread of interests you may lack the capacity to concentrate on one subject for any length of time. You get easily distracted and seem to want to occupy your mind all the time and have an opinion about everything. Perhaps you need to discriminate between what is useful to know, and what isn't. Your talents lie more in understanding the actual workings of the mind, and you can contribute to personal success by learning and applying mental techniques. When you harness this influence positively you can be a veritable encyclopaedia of information. What is more, you may have a particular talent for humour, and can be at your best when exchanging pleasantries socially.

Jupiter In 6th House

PROFESSIONAL - WISDOM: Daily significance

You have good judgement and executive ability, and have the ability to create a well-functioning working environment. This is probably because you spread an atmosphere of tolerance and optimism about the future around you. Colleagues will appreciate your buoyant disposition and considerable insight at work, and you will be well-loved in a managerial position. Your ability to grasp the main issues suits you for a position in middle-management in which you delegate work. You can function independently but it is also important for you to feel that you are of service to, or in, a larger enterprise. Career developments will often take a fortunate turn and may bring travel or an international environment. You may have a talent for working with judicial matters - your superior judgement should at least be put to good use in one form or another.

PERSONAL - WISDOM: Daily significance

Other things being equal, you are a kind and helpful person, and you know how to get the best out of everyday life in a

relationship. You are efficient when working but at the same time you know how to create time to relax and enjoy life. Where other people often get weighed down by daily tasks, you find enjoyment in them and even gain insight into larger issues through daily rituals. You are magnanimous in offering help and caring when you encounter people in need. You may have a special talent for health matters, and you are specifically good at harnessing the power of positive thinking to benefit the mind and body.

Identity

Sun In Aquarius

PROFESSIONAL - IDENTITY: Energise your social environment

Many people will find you an inspiring person to be with, and indeed you are strongly motivated to maintain friendly relationships with people. You may feel inspired by a sense of social equality, and your dealings with others will be infused by your natural sense of humanity and fairness. You are well suited to dealing with groups professionally, and you have a talent for treating people as equals. Paradoxically it can be difficult for you to feel truly a part of the groups you do so much to establish - in some ways you are a visionary and people instinctively sense that this makes demands on them to change. You may not be so willing to change yourself, however, and you can have rather fixed opinions. Basically, though, you are reliable and friendly, and will be a valued colleague. Your own ambitions are not particularly pronounced, and people rarely feel threatened by you.

PERSONAL - IDENTITY: Energise your social environment

The great turning points in your life happen in connection with upheavals in social relationships. As your opinions and beliefs change you will find yourself redefining who you want to be together with. The loss of good friends for one reason or another can thus lead to a strong sense of isolation whilst you re-evaluate your visions. Your greatest talent is the unconscious ability to create an almost magic atmosphere when you are together with people. Although you are warm and friendly, in intimate relationships you can be rather uncomfortable about showing your emotions. When under emotional pressure, you tend to freeze up and establish a distance, and this can be rather disturbing for your partner. A wise partner will never stand in the way of you and your friends.

Sun In 2nd House

PROFESSIONAL - IDENTITY: Creating personal values

Much of your energy and attention is focused on building up a solid sense of self-esteem. Inasmuch as you interpret your experiences as reflecting your personal esteem, you will strive hard to build a solid economic framework for your life. Other things being equal, security will be very important to you - both as far as your finances and your family life is concerned. You tend to gravitate towards, and stick to, a stable job, in which your expertise and personal character are your greatest assets. You have a talent for dealing with finances and quality items. In business matters you are a person of honour, and you are willing to put your reputation at stake for the sake of those for whom you work.

PERSONAL - IDENTITY: Creating personal values

Material values and status are seen by you as a testimonial to your self-worth. Therefore you build up strong attachments to things and have a keen sense of values. Some people may see you as materialistic, but for you material acquisitions can be a strong foundation for continued growth, and success in this area means you are often in a position to be quite generous. You need to feel that you are respected in all areas of your life; therefore you embrace conventional values and stick to them. It takes a lot to get you to shift your view or perspective. However periods which bring economic changes can lead to a profound reevaluation of your values.

Sun Conjunction Venus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

PERSONAL - IDENTITY: Style

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

Sun Square Saturn

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously.

Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

Jupiter transiting Conjunction Sun

01-02-2009 -> 25-02-2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of

your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Emotions

Moon In Sagittarius

PROFESSIONAL - EMOTIONS: Expand emotional horizons
Professionally you need a working life which offers plenty of freedom and the opportunity to expand your horizons, especially if this gives you the opportunity to travel internationally. You also have strong cultural interests. Repetitive work bores you. You are an exciting person to be together with, and you create a stimulating mental atmosphere with your outspokenness and direct way of saying things. It is important to realise however, that you are rather oblivious to the sensitivities of other people. A little tact would go a long way. You thirst for knowledge and understanding, and thrive in an intellectually nourishing environment. At the same time you can be rather vociferous ; you are passionately moved by injustice and quick to defend those who have been wronged.

PERSONAL - EMOTIONS: Expand emotional horizons

You are a freedom-loving person, who does not take kindly to any form of emotional limitation in your personal relationships. You are inspired by wide horizons, and this will lead to a good deal of travel in your life, or a drive to absorb the culture of the world through the media. This may result in a period of time spent travelling or living abroad. Some of the great difficulties in your life arise when circumstances force you to accept limitations on your freedom and the need to form stable emotional bonds. Major transformations also happen in connection with disillusion when you outgrow old beliefs and convictions, as you most surely will. You need intellectually challenging partnerships, but things would function better if you avoided strident discussions.

Moon In 11th House

PROFESSIONAL - EMOTIONS: Social security

You have a professional talent for working with people in groups, especially if this involves caring or humanitarian projects. You feel at home in the crowd, and career satisfaction comes when you have a sense of belonging to the people you work with, and know that they also appreciate you. You can become quite attached to pet projects and have some difficulty letting go of the reins when other people take over. You are passionately attached to idealistic principles as regards the treatment of special groups in society. You may also be interested in consciousness development in groups and have a talent for working with emotional problems in untraditional environments.

PERSONAL - EMOTIONS: Social security

You form very strong bonds to your friends and are extremely sensitive to how they treat you. You are both caring and concerned as regards their personal development, and easily hurt if they let you down in any way. You need to belong to a group, and your experiences in this area are strongly influenced by your school years. You tend to become too attached to a particular friend at this time, and this can bring problems when you both develop the need for change. During the course of your life you learn to develop a greater emotional detachment, so that you are not so easily hurt or disappointed by others. You may be over-sensitive as regards your social position.

Jupiter transiting Square Moon

25-01-2010 -> 19-02-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your

intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Aquarius

PROFESSIONAL - MENTALITY: Inspire renewal

You are a clear thinking person, very open to new and exciting ideas, though you can be rather fixed in your opinions. There may also be an inventive talent or some special and unique interest - perhaps connected with awareness and consciousness. You embrace strong views which run contrary to the accepted norm - you feel it is your duty to shake up the ideas of others and create renewal around you. Whilst this can be refreshing for all concerned, you run the risk of being alienated or misunderstood. You work well in a group environment in which there is a lot of excitement and stimulating people. You are a force for renewal, and have the ability to integrate new technological developments into your work.

PERSONAL - MENTALITY: Inspire renewal

Mental stimulation is very important for you, and you thrive

on contact with others and the exchange of exciting ideas. You pride yourself on your openness and tolerance, although when it comes down to it you can't tolerate intolerant people. You are probably strongly motivated by social issues and tend to have unshakeable convictions in this respect. You can actually be rather stubborn in your beliefs, though you will be loath to admit this. You can get a kick out of being provocative, and will often be so if you start getting bored. Other things being equal you will have a number of important friendships with people from very different environments, as you have a taste for exotic and foreign influences.

Mercury In 2nd House

PROFESSIONAL - MENTALITY: Develop mental resources Your ability to communicate and inform, and perhaps a certain talent for wheeling and dealing, are great economic assets to you. You have an appreciation of the value of material things, desire to learn how money makes the world go round, and are quick to make contacts and reap financial benefits from them. You would thrive in a job in which your knowledge and handling of information, and your ability to build up a network of contacts are utilised. You may have a particular talent for the banking world as you are quick to assimilate news and information which is relevant for the constant changes in this area. You earn money through your intelligence, through teaching or through travel.

PERSONAL - MENTALITY: Develop mental resources You have strong convictions, which are often based on the solid truths of the market. You are rarely motivated to show interest in insights which cannot be converted to practical advantage. However major economic changes in your life can lead to reinvestment of your values in the resources of the mind, psychological interests etc. Financial complications can arise in connection with brothers, sisters and neighbours, and early experiences in these areas will already have proved formative as regards your values in life today. You tend to worry a lot about the material aspects of life, and are constantly coming up with new ideas about how to manage your economy.

Mercury Square Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

PERSONAL - MENTALITY: Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

Mercury Trine Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Disseminating information One of your great professional assets is your intellectual

curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

Mercury Opposition Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical

attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

Jupiter transiting Conjunction Mercury

18-03-2009 -> 09-12-2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Aquarius

PROFESSIONAL - VALUES: Love of freedom

You are a very socially-oriented person and you are suited to professional work which involves dealing with people - particularly specific groups in a social context. You work best in a team, and you are good at mobilising team spirit, even though you also can feel that the rest of the team do not live up to your ideals. You have strong principles regarding fairness, and as such you are a genuine humanitarian, reaching out to people from all walks of life. This social consciousness is best used in a profession where you can manifest a humanitarian spirit - especially if this also involves international issues. You are motivated more by ideals, than by material interests or personal ambitions.

PERSONAL - VALUES: Love of freedom

Friendship is holy for you, and in your personal relationships it is more important to be friends and have shared ideals, than to be consumed by passion. You cannot thrive in a relationship in which you are smothered. Sometimes however you give the impression that you are cool and detached in love, and this may alienate your partner. Men with this position will be attracted to unconventional women, perhaps from another country or social group. Women tend to hold the banner of liberation high. Principles of equality form the basis for lasting attachments. Romantic meetings tend to arise under exotic circumstances and the relationship will often function best when there are frequent

partings because of outer circumstances. It is best for the relationship when there is an element of unpredictability.

Venus In 2nd House

PROFESSIONAL - VALUES: Satisfaction

You are a person who truly values personal relationships and beautiful things. Professionally you have a talent for dealing with these issues. There may be financial gain in dealing with aesthetically pleasing objects or the world of finance. Your style, judgement and grace are major assets in your career. Other things being equal you will accrue a good deal of money and surround yourself with many objects of value in your life. Your appearance, or a pleasing nature will be important resources in your professional life, and you are often able to gain favours through your ability to make other people feel good. It is crucial for you to feel that you are paid fairly for what you do, and you know how much you are worth. In the same way you are able to give other people a sense of their own worth.

PERSONAL - VALUES: Satisfaction

You exhibit a very warm personality and are capable of creating a stable and secure environment for your loved ones. However you prefer to live the good life, and do not like to deny yourself the pleasures that material things can bring. To feel good, you often resort to buying yourself presents. Your strong attachments and desires - both materially and romantically - can create financial problems. On the other hand you tend to be materially fortunate. In your love life you demand tangible expressions of love - the more expensive the better. You too can be generous, both materially and emotionally. One of your greatest talents is your ability to appreciate the bounties of Nature. Financial issues are important in your relationships.

Venus Square Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important

to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

Jupiter transiting Conjunction Venus

31-01-2009 -> 25-02-2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can

be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Scorpio

PROFESSIONAL - DRIVES: Cut through to the essence
You have deep energy reserves at your disposal, and there is the capacity to work under considerable pressure - indeed crisis situations can evoke outstanding qualities in you. You work in an intense and determined manner, and are capable of sticking to a project over a long period of time - you can even become obsessed by your work. There are special talents with regard to analysing a situation in detail, and you have an uncanny instinct for getting to the source of a problem. If a difficult decision has to be made, you can do it, even if it might mean telling someone an unpleasant truth or getting rid of someone who is superfluous. In some cases there can be a reputation for being ruthless, but this quality is often necessary if one feels limited by something which has outlived its usefulness. You have the capacity for helping others in crisis - especially on a psychological level.

PERSONAL - DRIVES: Cut through to the essence

You are a dangerous person when cornered, even though you may not give this impression at first glance. Other people sense your power and can feel rather nervous in your presence. Many passions rage in your centre, and you are very sensitive to situations which undermine your prestige. It would be an advantage for you if you could cultivate a more relaxed attitude to competition. Men with this position of Mars have a magnetic aura and powerful sexual drives. They like to exert a subdued power in love relationships. Women also exude an aura of power and sexuality, and are drawn to a man with an aura of mystery or secrecy. Jealousy - and even revenge - can be powerful unconscious factors in relationships. Both sexes hate to feel powerless and expend a lot of energy maintaining control in any given situation. During your life emotional negativities will be transformed through powerful psychological upheavals, and you can become a silent force for good in your environment.

Mars In 11th House

PROFESSIONAL - DRIVE: Solidarity

You are dynamically inspired by social causes and can find professional satisfaction working motivating groups in one way or another. You are a reformer by nature and are prepared to take on the necessary confrontation to get your ideas accepted. Your motivations as a reformer are not selfish; you are prepared to be in the vanguard working for collective interests. You have very little respect for restrictive social norms and prefer to be direct in your dealings with people, therefore you function best when you are a spokesman of some sort, or when you carry the banner of a social or political movement. You may have very strong ideological principles, and you are prepared to fight for them.

PERSONAL - DRIVES: Social agitation

You are very interested and involved with your friends; fiercely loyal, you are prepared to fight shoulder-to-shoulder with your brothers and sisters for a common cause. However many troubles arise in your social circle - perhaps because you have a tendency to speak your mind to a provocative degree, perhaps because you are a bit of an outsider. Not one to take social niceties into consideration, you tend to stir up discontent in groups. You are also attracted to rough and ready people who you can trust for their honesty and directness. You have the ability to take on a dynamic role in a group, perhaps connected with sport or outgoing enterprises. Generally speaking you will thrive in

the company of men. Women with this influence may often be sexually attracted to a friend; men may prefer to be with amongst other menfriends as they can feel too limited by intimate partnership.

Mars Trine Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or

try something new.

Mars Square Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved.

You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

Mars Sextile N.Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Survival of the fittest

You will often find yourself in the midst of the fray in your professional life, with many struggles as regards asserting yourself in groups. Conflict will touch your life in a central way, and no matter what you do you cannot escape the leadership role which puts you in the forefront. You may find yourself involved in a dynamic co-operative venture involving men and a strong element of competition, though achieving harmony or a unified goal may be an elusive quest.

PERSONAL - DESTINY: Survival of the fittest

You can portray the essence of masculinity or dynamism in your nature, probably as a result of hard-won battles at key

points in your life. This may mean that you are pushy or aggressive in your social relationships, with little regard for opposition, though you may try to choose a life in which you shun confrontation. Coming to terms with the power of sexuality - its pleasures and obsessive quality - is a major life challenge. Dealing with conflict is also a lifelong dilemma for you, as you are denied the opportunity of indulging your weaknesses, and are forced to seek a position of strength in your dealings with others.

Jupiter transiting Square Mars

10-04-2009 -> 02-01-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs

and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Neptune transiting Square Mars

01-01-2009 -> 26-12-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Path through confusion

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned.

In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

PERSONAL - DRIVES: Path through confusion

This is a time when the will to achieve, and the ability to take an initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady affairs can arise, as the woman seeks to recapture some of the magic she expects from love and

sexuality. This is a projection process by which the woman seeks in the man creative and magical qualities she should be developing in herself.

Men of weak character - particularly those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

Jupiter transiting Square Jupiter

17-03-2010 -> 11-04-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and

activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Saturn transiting Square Jupiter

21-02-2009 -> 03-08-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your

opinions clear and to take a firm standpoint.

Jupiter transiting Conjunction 2nd House

13-01-2009 -> 06-02-2009

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money, and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

PERSONAL - WISDOM: The Universe will provide

Unless other compelling factors prevent this, you will enjoy a very good standard of living. Paradoxically material luxuries will not be of primary importance for you, they just follow in the wake of your generous disposition. You place greater value on self-development and understanding than on material gain, and it is the resultant expertise which brings you rewards. You have remarkably strong moral values and convictions which will manifest in philosophical or political opinions which you stick to through thick and thin. You have a strong sense of ethics, and other factors in your horoscope will indicate whether this is expressed in a tolerant or moralising way.

Challenges

Saturn In Scorpio

PROFESSIONAL - SELF-RELIANCE: Reconstruction

Saturn was in Scorpio in the years 1923-26, 1953-56 and 1982-85. At this time there was great concern about threats, whether social, economic or military, and a deep interest in hidden issues, power and corruption. There was an element of paranoia in society. Inasmuch as you express this influence in your choice of career, you will be capable of dealing with power at the highest level, and may have a talent for rooting out corrupt or inefficient practices in society. On the other hand you may feel that you are subject to unfair misuse of power yourself, and this can especially manifest itself in your contact with authority figures or

institutions in society. So you may find yourself on either side of the balance of power. Should you deal with finance, then you will work at some point in some rationalisation process, or have to deal with economic loss or bankruptcy. You may be involved in secretive institutions, or you could work on a deeper psychological level in your career.

PERSONAL - SELF-RELIANCE: Reconstruction

You were born at a time when there was a heaviness in the collective spirit, with many irrational fears, and you have probably integrated this spirit into your own emotional nature. There is a sense of controlled power and deep emotional discipline. Intimate emotional relationships are extremely important to you, but you may have great difficulty lowering the floodgates of your own emotions. Fear of emotional loss drives you to exert an almost hypnotic control in intimate partnership. You are both driven to investigate the deepest emotional motivations of others, and rather paranoid about revealing your own. There is a particular fascination with sexual taboos, and a great need to overcome your own sexual blockages. It is important for you to replace fear with trust, and to cultivate a relaxed emotional attitude instead of exhausting yourself trying to control the uncontrollable.

Saturn In 10th House

PROFESSIONAL - SELF-RELIANCE: Assume authority

Achieving professional success and a respectable status will be a lifelong goal for which you will strive in your life. You would achieve success quicker by working a bit smarter instead of working a bit harder. On your way up the ladder of achievement you will meet many obstacles - particularly from older people in positions of power. Instead of being frustrated, see these obstacles as important tests which subtly strengthen you so that you will be able to meet future challenges. It is unlikely that you will experience success in the first 30 years of your life, but the decisions you make around the age of 30 will change your professional destiny. Important career restructuring will take place around the age of 44 and 52. At the age of 59 it is wise to replace professional goals with existential considerations. You may never notice the success you have already achieved, because you constantly set higher goals for yourself. As a long-term planner, you must be able to see how this kind of motivation eventually will lead to frustration.

PERSONAL - SELF-RELIANCE: Assume authority.

You make high demands on yourself, and this is probably due to early parental expectations which are not easy to live up to. If you strive to fulfil other people's expectations, you

may never be satisfied, and you may forget to relax and enjoy the results for which you have worked so hard. Relationships suffer from too much emphasis on ambitions. Success can also be measured by your ability to cater for and respect the needs of a partner. However, you have a certain destiny to fulfil, and your personal drive and sense of responsibility means that you can have considerable impact on the society you live in. People will automatically respect you and invest you with authority.

Jupiter transiting Square Saturn

01-02-2009 -> 26-02-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Cancer Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Uranus In 7th House

PROFESSIONAL - ORIGINALITY: Unconventional relationships

You have the ability to change other people through daily contact with them. You may have many abrupt meetings with people during your work and actually you like the distraction of seeing new faces during the course of the day. You have a talent for dealing with people who are outsiders in society, whether because of social inequality or because they come from another culture or land. You are at your most inspired when you can shock people into action or raise their consciousness in some way. As you rather dislike being limited by conventional relationships, you function best in an independent position in which you can choose who you want to be with and who you don't. Business partnerships can end suddenly and unpredictably because your criteria for co-operating with others are centred around interest and novelty rather than stability.

PERSONAL - ORIGINALITY: Unconventional relationships
You have a need for relationships which run contrary to conventional expectations. Partners can be much older or much younger, from another land or culture, have an extraordinary position in society, or simply be socially provocative in one way or another. This is because you sense that being with someone totally different is very stimulating for your awareness. If you make the mistake of a conventional marriage early in life, the likelihood of divorce is strong. As you tend to break accepted conventions in relationships, the stability of your relationship is not protected by the usual strict taboos of marriage. Indeed you may prefer an informal to a formal relationship, even living apart or in separate places. Periodic separations actually suit your style, so if the partner travels a lot or is away for some other reason, this need not have a negative influence.

Uranus Square Neptune

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

PERSONAL - ORIGINALITY: Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

Uranus Opposition N.Node

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: The lightning rod

Exciting things happen around you, wherever you are, and you are destined to galvanise into action the groups and organisations you are involved with. You are a force for renewal in those situations that have ground to a halt, and you can channel a message of inspiration or revolution. On the other hand, you tend to light the bomb and walk away, often being seduced by the idea of change for its own sake, and rarely having the ability to handle the consequences. There may be an element of extremism in your nature, and an attraction to extremist groups, or to people on the fringes

of society.

PERSONAL - DESTINY: The lightning rod

You are possessed of a magnetic aura which can be very inspiring for the people who meet you. Nevertheless you are also an upsetting influence, so that although people may look to you for inspiration, they may feel a certain discomfort in the long run. Indeed it is your fate to be something of a provocateur - you do not believe in people getting too comfortable. You are a force for change, and may have a particular ability for New Age interests, dealing with subtle energies etc. Dramatic consciousness change at intervals in your life can sweep the ground from beneath your feet and carry you off with your head in the clouds.

Transcendence

Neptune In Libra Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Neptune In 10th House

PROFESSIONAL - TRANSCENDENCE: Realise your dream

Professional satisfaction can be a very elusive quality for you - at least in the early part of your life. Whilst other people identify strongly with their profession, for you it can be difficult to see the meaning of working in a nine-to-five job all your life. Your goals are Life-goals - designed to give you deep inner fulfilment. As such you would be happiest in a creative profession, or working helping other people, or realising idealistic visions. There may be some connection with the oil or chemical industry, or welfare programmes. Strangely enough you have a tendency to encounter a boss who is unreliable in some way, perhaps because of a health or alcohol problem. You can easily find yourself working in an ordinary job, while you just daydream about what you would really like to do. However, if you used your visualising talents in a disciplined way, you could easily achieve your dreams. You can make decisive changes around the age of 40 - 41 in this respect.

PERSONAL - TRANSCENDENCE: Realise your dream

You are a person with unfulfilled dreams, and satisfaction in life probably will involve become more practical and realistic. Eliminate undefined longings about what you can do, or who

you can be and try to define what really will give meaning in your life. You have a tendency to attach yourself to an impossible goal as a way of getting out of doing anything. This is related to the early experience of a parent who felt professionally thwarted in some way. Partners will grow tired of you blaming those in authority for preventing you achieving your goals. The first step towards achieving results is to abandon blame or a tendency to martyrdom. You achieve true satisfaction when you can work with something that gives nourishment to the souls of others.

Neptune Sextile Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Neptune Square N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Living a dream

Though you tend to keep yourself on the outskirts of the organisations and groups which constitute society, you may be able to exert a quiet influence on the collective mood through your deep concern or high ideals about human life. You may have Utopian principles with completely unrealistic dreams about human nature and social relationships, but you do have a guiding vision for humanity. You may have the ability to channel collective visions through the power of the media. People project their hopes and dreams onto you.

PERSONAL - DESTINY: Living a dream

Your life is a journey in search of the unattainable. You are guided by feelings and intuitions which go completely beyond your personal ego, and you may feel - or long for - a sense of connection with eternal forces in the universe. During the whole course of your worldly existence you are reminded of the emptiness of so-called reality. Many disappointments arise to remind you of the futility of worldly ambition, and the field of human relationships is pervaded by an aura of dissatisfaction. You are in the world, but not of it.

Transformation

Pluto In Leo Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Pluto In 8th House

PROFESSIONAL - TRANSFORMATION: Releasing control
During the course of your professional life you will either wield great power on an economic level, or be at the mercy of those who do. If you have power, you tend to be secretive - even a little dictatorial. You may adhere to the doctrine of the survival of the fittest. You may be fanatically attached to economic principles, at times there may be great gains, at times great losses. You are good at disposing of resources, when this is necessary, and realising assets after economic collapse. You may be a power broker; perhaps you will even define yourself professionally by some crusade against

power misuse. At some point in your life your economic foundations will collapse - but then, you are a great survivor. Perhaps this transformation will bring a greater interest in emotional issues and psychological mechanisms.

PERSONAL - TRANSFORMATION: Releasing control

You have the capacity to experience a great personal transformation during the course of your life when you harness the energy which is stored within you. Deep traumas or fears early in your life tend to absorb your energy and resources. You may fear being at the mercy of others, and may even generalise and project this fear on people or organisations in a position of power. It would certainly be foolish to tilt at the windmills of power in society. Greater satisfaction comes through an inner psychological transformation process. Intimate relationships tend to be marred by power battles and control. Sexuality in particular is characterised by your inability to let go and trust your partner by being vulnerable and powerless. You have to go to extremes to achieve satisfaction here. An unconscious fear of ego-death may inhibit release through sexuality, until you learn to transform primitive erotic drives into a demonstration of emotional giving.

Jupiter transiting Opposition Pluto

13-04-2009 -> 04-01-2010

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute

or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Neptune transiting Opposition Pluto

01-01-2009 -> 15-01-2011

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - TRANSFORMATION: Dissolution of power

This influence is rather subtle in its effect, and will be experienced most powerfully by those who have their Ascendant in Scorpio. It can affect areas in your professional life where you experience anxiety, and where you try to force your way through in an unconscious, compulsive or fanatical manner. If control is an important factor in your life, you will lose the ability to exert this control. Learning to give in gracefully and accept the higher forces in society which guide collective life may be the right tactics now. On a positive note, this is a time when you can tune in to collective forces which steer human opinion. You can now understand and use the forces of marketing and propaganda, for better or for worse.

PERSONAL - TRANSFORMATION: Dissolution of power

This rather subtle influence - which will be felt most strongly by Scorpio types - can teach you a lot about the forces in the unconscious mind on both a collective and personal level. Negatively you may experience some weird fantasies now which can fuel any latent paranoia. However this is an excellent period to learn visualisation techniques for defusing trauma or harnessing the power of the unconscious. Enormous forces can be channelled and released during this period, though these forces will manifest most strongly through your contact with underground forces in society. Take care to avoid becoming contaminated by lower elements, and purge yourself of useless fantasies.

Destiny

N.Node In Capricorn, S.Node In Cancer

PROFESSIONAL - DESTINY: Growing up

Achieving professional success in your case involves your overcoming dependent tendencies and a feeling of being

vulnerable. Early in your career you may choose to work in a caring profession, or in a job which affords you security. You expect to be provided for and looked after. As time goes by you find that the price of dependence is a feeling of being stifled. An inner need to manifest your executive talents arises, and this will often involve a powerful emotional transition in which you demonstratively take responsibility for your life. At such times you may even wish to start out for yourself as your own boss, and you will manifest great determination and self-discipline in this process. New businesslike tendencies replace the vulnerable softness which previously characterised your nature.

PERSONAL - DESTINY: Growing up

You are strongly attached to the bonds of the past, and your family can play an extremely important role in maintaining feelings of dependence in you. At some point in your life these bonds have to be cut, so that you have the opportunity to take responsibility for your own life. When young you are tempted to manipulate partners by appealing to their protective nature, and this results in your being held in a childish role. In reality there is a grown-up in you bursting to get out, and the sooner you manifest your maturity in this respect, the more satisfaction you will feel. Children and family represent something of a dilemma for you, perhaps because you instinctively sense the great responsibilities that parenthood will bring. Raising a family is easier when you make the transition from dependence to self-sufficiency. You are an emotional person, yet as you get older you learn that there is greater dignity in self-control.

N.Node In 1st House, S.Node In 7th House

PROFESSIONAL - DESTINY: Regain personal initiative

Finding the balance between whether to invest your energy in your relationships rather than personal development is a major life-theme for you. On a professional level this theme may express itself in the fate of important partnerships, where overdependence, and a tendency to compromise concerning your personal convictions, can lead to failure. Success may well depend on you having the courage to go it alone, although you may be well into your thirties before you learn this. You will learn that it is no use for you to play second fiddle, because this tends to paralyse your autonomy. You cannot let your professional fate rest in the hands of others, and this requires shouldering a leadership role or being independent.

PERSONAL - DESTINY: Regain personal initiative

You have a tendency to involve yourself at an early age in a

fairly long-term intimate relationship. Whilst this at first offers you considerable security, later on the loss of personal freedom tends to grate. You will find that the more you give, the more you are taken advantage of. A turning point comes - particularly at the age of 37 - when you find you no longer can accept living on another person's terms. Happiness comes when you direct your attention to fulfilling truly personal needs, even at the risk of being thought selfish. By concentrating on self-development you achieve an inner balance which makes relationships more successful, and you break with inherited and old-fashioned attitudes about partnership.
